PROJECT WEE CARE 2011

“Working side by side to help families in our own Community!”

Millard Business Community
FOUNDATION

“Working together to promote and preserve the Millard Business Community”

www.millardbcf.org
www.millardbusinessassociation.org

The Millard Business Association and The Millard Business Community Foundation is once again coordinating efforts with local businesses, schools, and individuals to help families in need through Project Wee Care.

“Wee Care,” with the assistance of many volunteers and your donations provides Holiday meals, gifts, and clothing to help families in need. In the last 8 years we reached out to numerous area families. In 2010 we helped over 100 families.

While there are many other organizations who appreciate your contribution, remember that Project Wee Care is not a national organization, but rather a local one, run by volunteers, benefiting those living in our community - you know where your contribution goes - to someone in Omaha.

Our emphasis will be directed towards those that have lost jobs, dealing with illness, suffered the loss of a parent (head of household), and abandoned families—where a parent or both has left, and families in need, displaced families due to abuse, or just down on their luck through unforeseen circumstances.

HOW CAN YOU HELP OUT?

You can make a difference in someone’s life in a number of ways. We need your help by:

- Volunteering to assist in various tasks
- Sponsoring a family
- Raising Cash donations
- Donating grocery or sundry items
- Sponsoring a food, sundry, or gift drive
- Donating new winter clothing
- Serving on a committee
- Help with sorting items
- Help with gift wrapping
- Tell us your idea of how you can help

Contact Paula @ 670-9210 or 895-3679

YOU CAN MAKE A DIFFERENCE IN SOMEONE’S LIFE!

Imagine being 15 years old with no bed to sleep in. **Or being hungry** because your family is out of groceries and money. **Or being 8 year old** with only 2 pairs of hand-me-down jeans to wear and your Mom’s washer is broken, your family just lost your home, your Mom has cancer and can’t work. **Or being 6 years old** and you can’t play outside because you don’t have a warm coat or shoes that fit. Project Wee Care helped all these children plus untold other stories.

Thank you to those that are already committed to this endeavor but we need more help. We welcome any and all interested individuals and organizations to help us reach our goal of helping as many in need as is possible.
